

Incident Report

Entries in this report are intended for the sole use of the Ventura County Fire Protection District. Estimations and evaluations made hereon represent "most likely" and "most probable" cause and effect determinations by fire district personnel. Any representation as to the validity or accuracy of reported conditions outside the Ventura County Fire Protection District is neither intended nor implied. Due to the variability in estimating property and content value and loss, the Ventura County Fire Protection District takes no position of such damages and, as a consequence, this report may be referenced by a \$0 loss estimate in the fire district's database. Without an approved release, any and all confidential information protected by law was redacted or removed.

The Custodian of Records for Ventura County Fire Protection District has generated the enclosed incident information from its computer database. This is a certified copy of the information contained in District records as of the date this report was printed. The contents of this report are current as of that date and may not contain all information relevant to the incident. As warranted, after further review of the matter, additional information may be added to the report by appropriate fire district personnel.
